Inspection record 1: verify the sensor and wiring.
Inspection record 2: verify the sensor and wiring.
Inspection record 3: verify the sensor and wiring.
Inspection record 4: verify the sensor and wiring.
Inspection record 5: verify the sensor and wiring.
Inspection record 6: verify the sensor and wiring.
Inspection record 7: verify the sensor and wiring.
Inspection record 8: verify the sensor and wiring.
Inspection record 9: verify the sensor and wiring.
Inspection record 10: verify the sensor and wiring.
Inspection record 11: verify the sensor and wiring.
Inspection record 12: verify the sensor and wiring.
Inspection record 13: verify the sensor and wiring.
Inspection record 14: verify the sensor and wiring.
Inspection record 15: verify the sensor and wiring.
Inspection record 16: verify the sensor and wiring.
Inspection record 17: verify the sensor and wiring.
Inspection record 18: verify the sensor and wiring.
Inspection record 19: verify the sensor and wiring.
Inspection record 20: verify the sensor and wiring.
Inspection record 21: verify the sensor and wiring.
Inspection record 22: verify the sensor and wiring.
Inspection record 23: verify the sensor and wiring.
Inspection record 24: verify the sensor and wiring.
Inspection record 25: verify the sensor and wiring.
Inspection record 26: verify the sensor and wiring.
Inspection record 27: verify the sensor and wiring.
Inspection record 28: verify the sensor and wiring.
Inspection record 29: verify the sensor and wiring.
Inspection record 30: verify the sensor and wiring.
Inspection record 31: verify the sensor and wiring.
Inspection record 32: verify the sensor and wiring.
Inspection record 33: verify the sensor and wiring.
Inspection record 34: verify the sensor and wiring.
Inspection record 35: verify the sensor and wiring.
Inspection record 36: verify the sensor and wiring.
Inspection record 37: verify the sensor and wiring.
Inspection record 38: verify the sensor and wiring.
Inspection record 39: verify the sensor and wiring.
Inspection record 40: verify the sensor and wiring.

Inspection record 41: verify the sensor and wiring.
Inspection record 42: verify the sensor and wiring.
Inspection record 43: verify the sensor and wiring.
Inspection record 44: verify the sensor and wiring.
Inspection record 45: verify the sensor and wiring.
Inspection record 46: verify the sensor and wiring.
Inspection record 47: verify the sensor and wiring.
Inspection record 48: verify the sensor and wiring.
Inspection record 49: verify the sensor and wiring.
Inspection record 50: verify the sensor and wiring.
Inspection record 51: verify the sensor and wiring.
Inspection record 52: verify the sensor and wiring.
Inspection record 53: verify the sensor and wiring.
Inspection record 54: verify the sensor and wiring.
Inspection record 55: verify the sensor and wiring.
Inspection record 56: verify the sensor and wiring.
Inspection record 57: verify the sensor and wiring.
Inspection record 58: verify the sensor and wiring.
Inspection record 59: verify the sensor and wiring.
Inspection record 60: verify the sensor and wiring.
Inspection record 61: verify the sensor and wiring.
Inspection record 62: verify the sensor and wiring.
Inspection record 63: verify the sensor and wiring.
Inspection record 64: verify the sensor and wiring.
Inspection record 65: verify the sensor and wiring.
Inspection record 66: verify the sensor and wiring.
Inspection record 67: verify the sensor and wiring.
Inspection record 68: verify the sensor and wiring.
Inspection record 69: verify the sensor and wiring.
Inspection record 70: verify the sensor and wiring.
Inspection record 71: verify the sensor and wiring.
Inspection record 72: verify the sensor and wiring.
Inspection record 73: verify the sensor and wiring.
Inspection record 74: verify the sensor and wiring.
Inspection record 75: verify the sensor and wiring.
Inspection record 76: verify the sensor and wiring.
Inspection record 77: verify the sensor and wiring.
Inspection record 78: verify the sensor and wiring.
Inspection record 79: verify the sensor and wiring.
Inspection record 80: verify the sensor and wiring.

Inspection record 81: verify the sensor and wiring.
Inspection record 82: verify the sensor and wiring.
Inspection record 83: verify the sensor and wiring.
Inspection record 84: verify the sensor and wiring.
Inspection record 85: verify the sensor and wiring.
Inspection record 86: verify the sensor and wiring.
Inspection record 87: verify the sensor and wiring.
Inspection record 88: verify the sensor and wiring.
Inspection record 89: verify the sensor and wiring.
Inspection record 90: verify the sensor and wiring.
Inspection record 91: verify the sensor and wiring.
Inspection record 92: verify the sensor and wiring.
Inspection record 93: verify the sensor and wiring.
Inspection record 94: verify the sensor and wiring.
Inspection record 95: verify the sensor and wiring.
Inspection record 96: verify the sensor and wiring.
Inspection record 97: verify the sensor and wiring.
Inspection record 98: verify the sensor and wiring.
Inspection record 99: verify the sensor and wiring.
Inspection record 100: verify the sensor and wiring.
Inspection record 101: verify the sensor and wiring.
Inspection record 102: verify the sensor and wiring.
Inspection record 103: verify the sensor and wiring.
Inspection record 104: verify the sensor and wiring.
Inspection record 105: verify the sensor and wiring.
Inspection record 106: verify the sensor and wiring.
Inspection record 107: verify the sensor and wiring.
Inspection record 108: verify the sensor and wiring.
Inspection record 109: verify the sensor and wiring.
Inspection record 110: verify the sensor and wiring.
Inspection record 111: verify the sensor and wiring.
Inspection record 112: verify the sensor and wiring.
Inspection record 113: verify the sensor and wiring.
Inspection record 114: verify the sensor and wiring.
Inspection record 115: verify the sensor and wiring.
Inspection record 116: verify the sensor and wiring.
Inspection record 117: verify the sensor and wiring.
Inspection record 118: verify the sensor and wiring.
Inspection record 119: verify the sensor and wiring.
Inspection record 120: verify the sensor and wiring.
